

## I'm Left You're Right She's Gone

**C G7 C**  
Well you're right I'm left she's gone

**G7 C**  
You're right and I'm left all alone

**F C**  
Well you tried to tell me so but how was I to know

**G7 C**  
That she was not the one for me

**G7 C**  
You told me all along

**G7 C**  
You're right our love was so wrong

**F C**  
But now I changed my mind

**C**  
Because she broke the ties that bind

**G7 C**  
And I know that she never cared for me

**F**  
*Well I thought I knew just what she'd do*

**C**  
*I guess I'm not so smart*

**F C G7**  
*Oh you tried to tell me along she'd only break my heart.....*

**C G7 C**  
I'm left you're right she's gone

**G7 C**  
You're right and I'm left all alone

**F C**  
Well she's gone I know not where

**C**  
But now I just don't care

**G7 C**  
For now I'm falling for you

**G7 C**  
If you'll forgive me now

**C G7 C**  
I'll make it up somehow

**F C**  
So happy we will be in a home just for three

**G7 C**  
And I'll soon forget her now I know

**F**  
*Well I thought I knew just what she'd do*

**C**  
*I guess I'm not so smart etc.*

**C G7 C**  
Well you're right I'm left she's gone etc.....
